

## Clinicians & Aestheticians

Our expert team of Clinicians and Aestheticians are dedicated to promoting natural beauty throughout our comprehensive range of non-invasive treatments.

The aim of the clinic is to correct imperfections whilst maintaining healthy skin, which will enhance your best features and give you a youthful and fresh appearance.

## Skin Rejuvenation

Safely and comfortably fade the appearance of skin imperfections such as thread veins or pigmentation caused by the sun and ageing process.

	Single	Course of 3	6	12

 Course of 12 - 40% discount

## Sublime

Comfortably reverse the signs of aging and achieve a more youthful appearance without downtime. 'elos' is the first and only technology that uses combined energies to effectively stimulate collagen production and improve your overall skin quality in areas that are most telling when it comes to age, such as the eyes, brow lines, cheeks and around the neck.

## Laser Hair Removal

Achieves permanent hair reduction of pigmented and minimally pigmented hair on all skin types. The Diode (medical grade) laser and Radio Frequency of the 'elos plus' platform enables high energy to give optimum results on all clients. The elos laser allows selective targeting of the hair follicle and shaft while protecting the surrounding tissue. We can treat any area small or large alongside using a cryo cooler machine resulting in an almost pain free treatment.
